

How to Confirm Your Submission is Complete

1. Log in at: <https://submit.napcrg.org/>
2. Your current submission(s) should be listed.
3. Check the **Submission Completed** section for each submission. This appears under **Actions**.
4. If you have answered all necessary questions, your submission will be listed as: **True**
5. If you have failed to answer all necessary questions, your submission will be listed as: **False**
6. To edit your submission, click on the Blue Pencil icon next to Edit.
7. Go through the submission and carefully read to see what has been missed. Often this is a simple question such as "Are you a first-time NAPCRG submitter?" or giving permission for publication of your abstract if selected.
8. Make edits and click the Save Changes button that will appear at the bottom of the screen.
9. You can make edits to your submission until the call for papers closes.
 - The exception is adding co-authors. This information can be edited after the call for papers closes.

IMPORTANT: Any submissions listed as False will be considered incomplete and NOT considered for presentation.
