PRECONFERENCE PROGRAMMING

○ PR1: Patient and Clinician Engagement Program: Characteristics of the “just right” investigator for patient engaged research

Monday, October 30; 1:00 – 5:00pm
Fee: $0 (This preconference is open to all. Registration is required.)
Description:
The preconference workshop will feature guest speakers followed by break-out groups to discuss what makes the “just right” Principal Investigator (PI) What are the necessary characteristics, attitudes, and actions a PI requires to form a strongly engaged research team? That is, a research team that fully engages patient or community member partners to achieve meaningful and implementable results.

○ PR2: Rising Stars in Research

Monday, October 30; 10:00am – 2:00pm
Fee: $0 (This preconference is open to trainees and mentors. Registration is required.)
Description:
The trainee preconference workshop will consist of skill building and career development sessions, as well as relevant topical sessions on artificial intelligence use in primary care. This workshop will consist of didactic sessions (e.g., presentations), as well as group discussion and activities, allowing ample opportunity for both formal and informal discussion with peers.

○ PR3: Artificial Intelligence and Machine Learning (AI/ML) Bootcamp

Monday, October 30; 8:30am – 4:30pm
Fee: $0 (This preconference is open to all. Registration is not required.)
Description:
Join us for our Preconference Workshop on Artificial Intelligence and Machine Learning (AI/ML) in Primary Care! Immerse yourself in a day of knowledge sharing, engaging discussions, and exciting presentations as we delve into the world of AI/ML applications in primary care. This workshop is designed to educate participants on the latest concepts, advancements, and challenges in AI/ML, with a specific focus on primary care settings.

During a morning lecture series, experts will guide you through the fundamental concepts and foundations of AI/ML, the current state of AI/ML in primary care through real-world case studies and success stories, and the potential benefits and challenges associated with its adoption. In the afternoon, you will witness a "Mock Shark Tank" session wherein Grant Generating Project (GGP) Fellows will present AI/ML use cases, seeking valuable feedback and insights from our distinguished panelists and attendees.
